Intuitive Pneuma Program – Unveiling The Spirit Within **Pneuma is the Greek word for Spirit.**

Do you struggle with trusting your own intuition?

In my Intuitive Pneuma Program I teach you essential tools and create a tool box that will help you in your own healing. Benefits of the program include :

- Learning not to take on the emotional baggage of others while still being empathic and compassionate
- Releasing your own baggage that can impact your intuition, your life, your relationships and your health
- Sharpening your intuitive skills and utilizing them like second nature
- Gaining insight into your own healing and how that impacts your life
- With the help of both Divine and Nature determining your soul's path and determining what is blocking you to achieve your purpose here
- And much, much more!

If you are a healer, how do you know if you need this program? Are you exhausted after working on clients? Do you sometimes have emotions that don't quite feel like your own? Do you keep seeing the different clients that all share the same issue? Do you need help interrupting how you "see" things?

How do you know if you need help unveiling the Pneuma in yourself? You feel somewhere deep inside that you are destined to great things but don't know where to start? Are the same challenges holding you back? Would you like to meet your guides and teachers? Do you want to be filled with love and peace?

Intuitive Reading

This 60-minute reading follows the path chosen by the client and will provide insight and focus.

Essential Oil Program Reading

Essential oils help to remove from the RNA (replicating factor) of DNA. Essential oils have been used for thousands of years because of their abilities to restore mind, body and spirit.

Through guided meditation, Jennifer's guides will reveal an essential oil protocol that will promote spiritual and emotional healing. Includes one oil and 15 minute explanation of program.

Intuitive Reading w/Essential Oil Program

This 75-minute reading provides insight and the steps needed to open the door to healing. During the session, a custom essential oil program is revealed that will promote spiritual and emotional healing. Essential oils identified in the reading can be purchased separately.

Essential Oil Program Follow-Up

As you grow spiritually and emotionally you will want to expand your essential oils program to meet your needs. We conduct a reading to see if any new oils are needed on your continuing path to healing. This service is only available to those clients who have had an Essential Oils Program Reading or an Intuitive Reading with Essential Oils Program.

Jennifer's psychic ability to see into my emotional and physical blocks is always dead-on.

The oils and protocols she has suggested have proved to be exactly what I've needed at the time. Her confident and informed way of speaking about the oils' properties and her candid and concise interpretation of my energy has been inspiring. I have felt well understood and taken care of by Jennifer and I recommend her wholeheartedly."
